SEP 24 2009

Dear Ms. Barnes:

This is in response to your September 10, 2009, Freedom of Information Act (FOIA) request for all 2009 inspection reports for Emory University and Yerkes Primate Center. Your request was received in this office on September 10, 2009, and assigned case number FOIA 09-1173.

Agency employees conducted a thorough search of their files and located five pages of inspection reports which are responsive to your request. However, information pertaining to additional site locations of research facilities has been withheld pursuant to FOIA Exemption 2, 5 U.S.C. § 552(b)(2)High. This exemption protects agency practices and procedures from disclosure to prevent circumvention of agency regulations or statutes or impede the effectiveness of an agency's law enforcement activities. The same information has been withheld pursuant to FOIA Exemption 7, U.S.C. § 552(b)(7)(f). This exemption protects information which could reasonably be expected to endanger the life or physical safety of any individual.

We also withheld information under FOIA Exemption 6, 5 U.S.C. § 552(b)(6). This exemption protects information from disclosure when its release would cause a clearly unwarranted invasion of personal privacy. The same information has been withheld under FOIA Exemption 7(C), 5 U.S.C. § 552(b)(7)(C). This exemption protects from disclosure records or information collected for law enforcement purposes when its release could reasonably be expected to constitute an unwarranted invasion of personal privacy.

You may appeal our partial denial of this information. If you choose to appeal, your appeal must be in writing and must be received within 45 days of the date of this letter. Send to:

Administrator  
Animal and Plant Health Inspection Service  
Ag Box 3401  
Washington, D.C. 20250-3401

Please refer to FOIA 09-1173 in your appeal letter and add the words "FOIA Appeal" to the front of the envelope. To assist the Administrator in reviewing your appeal, provide specific reasons why you believe modification of the determination is warranted.

#### 3.84 (c)

#### CLEANING, SANITIZATION, HOUSEKEEPING, AND PEST CONTROL.

(c) Housekeeping for premises. Premises (buildings, equipment and grounds) must be kept clean and in good repair in order to protect the nonhuman primates from injury and to facilitate the husbandry practices required in this subpart.

In IDB room 105, there is an NHP refrigerator with a soiled bottom. Refrigerators used for non human primate food or drugs should be kept clean to facilitate the husbandry practices required by the Act.

Corrected immediately.

In NSB room 1233, there is a fume hood in this lab that needs to be cleaned. Equipment should be maintained and kept clean in order to facilitate the husbandry practices required by the Act.

Corrected immediately.

The complete site inspection was conducted March 17-18, 2009.
