Dear: Anneliese Emerson,

Please submit a formal request for colony records for a particular animal by citing that you are requesting such records under the Freedom of Information Act. Records can be copied and distributed with certain data expunged per the Privacy Act of 1974, which applies to all Federal documents.

After you receive the documents, please call me if you need help understanding them, as veterinarians and animal caretakers are required to enter health care and research data on each animal using terms common to their professions. Please also visit our Web site, below, to learn more about our research activities and animal care. Thank you for your interest.

Sincerely,

A handwritten signature in cursive script that reads "Jordana Lenon".
