Dear WRPRC:

This is a request under the Wisconsin Public Records Act. This act requires that you provide copies of existing documents upon request.

I request that the following documents be provided to me:
All records pertaining to monkey R95100-M and R97041-F.

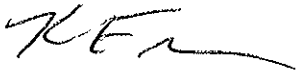

In order to help determine my status to assess fees, you should know that I am an individual seeking information for personal use and not for a commercial use.

I am aware I am entitled to make this request under the Wisconsin Public Records Act, and if your agency response is not satisfactory, I am prepared to make an administrative appeal. Please indicate to me the name of the official to whom such an appeal should be addressed.

I am aware that if my request is denied I am entitled to know the grounds for this denial.

I am aware that while the law allows your agency to withhold specified categories of exempted information, you are required by law to release any segregable portions that are left after the exempted material has been deleted from the data I am seeking.

Sincerely,

Karen Frank
